Portfolio

SUMMARY

Web Developer with 8+ months of hands-on experience building responsive and user-friendly web applications across multiple domains. Strong expertise in React.js, JavaScript (ES6+), HTML, CSS, and Tailwind CSS, with a solid understanding of component-based architecture and state management. Passionate about writing clean, reusable code, collaborating with cross-functional teams, and continuously learning modern frontend technologies to deliver high-quality user experiences.

TECHNICAL SKILLS

Frontend: React, HTML, CSS, JavaScript, Bootstrap, Tailwind CSS

Backend: MongoDB, Node.js, PHP-MyAdmin

Programming: JavaScript, OOPs, PHP, Python

Databases: SQL, MongoDB

Other: Git, GitHub, Computer Networks

Languages: English, Hindi, Gujarati

EXPERIENCE

Frontend Developer Intern – React-js Technologies

Satvarth Solutions

Ahemdabad, India | July 2025 – March 2026

- Developed interactive 3D–2D web interfaces using React.js and JavaScript.
- Designed responsive layouts with Tailwind CSS.
- Debugged UI issues and improved application stability.
- Optimized React components for better performance.
- Used Git for version control and clean code practices.

PERSONAL PROJECTS

E-Commerce Website

- Built a responsive e-commerce web application using **React.js**, **JavaScript**, and **Tailwind CSS**.
- Implemented product listing, cart functionality, and reusable UI components.
- Ensured mobile-friendly design and improved user experience with optimized layouts.

Algo-Trading Frontend Application

- Developed the frontend interface for an algorithmic trading platform using **React.js**.
- Designed dynamic dashboards to visualize trading data and strategies.
- Worked on state management and UI performance optimization.

EDUCATION

GLS University – FCAIT

Integrated Master of Science in Information Technology – CGPA: 7.9
